

fused pyrimidine derivatives

R 0515

20 - 127

Regioselective Synthesis of Various Prodrugs of Ganciclovir. — The synthesis of variously acylated derivatives of ganciclovir (I) is studied. Amino acid esters such as (VI) are water soluble prodrugs. — (GAO, HONGWU; MITRA, ASHIM K.; Tetrahedron Lett. 41 (2000) 8, 1131-1136; Div. Pharm. Sci., Univ. Mo., Kansas City, MO 64100, USA; EN)
