Synthetic Studies Connected with the Preparation of H⁺/K⁺-ATPase Inhibitors

Rabeprazole and Lansoprazole. — Common intermediates for the synthesis of rabeprazole and lansoprazole such as (III) and related compounds are prepared. — (RADL*, S.; KLECAN, O.; HAVLICEK, J.; J. Heterocycl. Chem. 43 (2006) 6, 1447-1453; Zentiva/Res. Inst. Pharm. Biochem., CZ-102 37 Prague, Czech Republic; Eng.) — M. Bohle
