An Efficient and Environmentally Friendly Synthesis of the Inhalation Anesthetic Sevoflurane.

— A very efficient one-pot synthesis of the title compound (IV) with 99.95% purity avoiding toxic and environmentally hazardous reagents is presented. This approach may be useful for the manufacture of (IV). — (BIENIARZ, CHRISTOPHER; BEHME, CHRIS; RAMAKRISHNA, KORNEPATI; J. Fluorine Chem. 106 (2000) 1, 99-102; Adv. Drug Delivery, Hosp. Prod.
